

Amin Maghrebi

Automation, Telegram Bots and Smart Business Systems

Email: amin.mb21@gmail.com | Telegram: @aminmaghrebi | maghrebi.tech

Professional Summary

Developer and designer of automation systems and Telegram bots, with 7+ years of background in financial accounting, tax preparation and inventory management, and specialised experience as a freelance blockchain researcher. Interested in the intersection of AI and Web3, combining rigorous financial tracking with modern AI-assisted tools and analytical methods.

Professional Experience

Freelance Blockchain Researcher & Content Creator — Self-Employed | 2023 – Present

- Technical analysis of crypto assets (including ZK, TON, SOL, ZEC) on 4-hour chart intervals.
- Data-driven strategies for decentralized prediction markets, specifically Polymarket, using European football and NBA data.
- Research on AI and Web3 gaming, including emotional AI companions and player-retention ecosystems.
- Content strategy on X (Twitter) to drive engagement and airdrop-campaign eligibility.

Financial & Tax Accountant — Altin Teb Shakhesh Artan, Tabriz | 2017 – 2022

- Managed financial and cost accounting operations.
- Prepared and submitted tax returns, including VAT and corporate income tax.
- Recorded daily accounting documents, reconciled accounts and prepared financial statements.
- Worked with tax auditors and produced analytical and managerial reports for decision-making.

Inventory Manager — Milad Afzar Tabriz, Tabriz | 2013 – 2015

- Managed warehouse inventory and controlled the inflow and outflow of goods.
- Logged inventory data and reconciled records with the accounting department.
- Coordinated with sales and procurement; optimized warehouse space and reduced material waste.

Education

- Bachelor of Accounting, Islamic Azad University of Tabriz — 2017
- Associate Degree in Accounting, Islamic Azad University of Tabriz — 2014
